"When Time who
steals our years away
Shall steal our pleasures too,
The memory of the past will stay
And half our joys renew."
--Moore

Each past experience holds a personal lesson for each of us, and it is through the application of these lessons that we establish the foundation of our future and attain the fulfillment of our fondest dreams.

So this is with each of us; and for this reason we dedicate the 1966 MOGRANDAH to: "The memories of the past, and the dreams of the future"

SUPERINTENDENT SUNDWALL

Jestin S. Bluett

The role of a newcomer in a school is often a difficult one, and usually requires a great deal of personal adjustment and patience. It is not an easy task to manage such a vital position as a high school principal, and at the same time, adapt to new surroundings and acquaintances. This year; our principal, Mr. Jestin Bluett, was faced with this situation, but his confidence and efficiency of management have erased all of the apprehensiveness that usually comes with being a newcomer.

To us, the students of Grand County High School, Mr. Bluett is no longer a stranger in our lives. He is now a familiar figure of authority, a willing advisor, and most important: A newfound FRIEND.

SENIOR CLASS OFFICERS

L. to R. Robin Reardon, Council Representative; Bill Foy, Vice-president; Dennis Neely, President; Cindy Wilson, Secretary; Ann Provonsha, Council Representative.

To be a senior seems to be the ultimate goal of every freshman, sophomore, and junior student. We, the seniors, have finally reached this goal after many hours of hard work and sincere determination.

As we look back on the past years, we realize that the school is more than just a building. It is instead, an entire realm of opportunity and life experience waiting to be grasped. On this realization, we base our knowledge in advising you, our under-classmen, to take advantage of all of the wonderful benefits that are available to you here at Grand County High School.

MIKE KELLER

Just around the corner
A little out of sight
Your loved one walked ahead
Into Eternal Light

Just around the corner
There is a brighter view
Where many other loved ones
At last can see God, too

And tho your work's not finished here
Just know God hears your prayer

Some day just around the corner
You will find your loved one there.

STUDENT BODY OFFICERS

President-Jeff Taylor

As I reflect on the past year, I see one of spirit and accomplishment on the part of the students of Grand County High School. Most of this is due to the determination and drive of the students themselves, but the officers and administration also play a vital role in the success of a school.

I have enjoyed being a part of this year's administration, and I would like to thank you, the students of Grand County High School, once again for giving me this wonderful opportunity.

Very sincerely,

Football Coaches

Assistant Coach: Bill Meador, Head Coach: Glen Richeson, Assistant Coach: Theron Johnson

Football programs are never successful without the support and co-operation of team members, students, faculty, and community. On behalf of the coaching staff I would like to express our appreciation to all the boys who participated in the program and to those who followed us through the season.

This year's team was inexperienced - composed mainly of juniors and sophomores. We lacked a large number of boys participating, which is necessary for depth. Despite these factors the boys had a desire and a will to win which is always a credit to any ball club.

It is always difficult for a coach to express to anyone who has never participated in football the value and pleasures that come from participation. The assistant coaches Theron Johnson, and Bill Meador and I salute you as a team and as members of a fine student body and community.

Tracy -
Well - I finally got to it. I don't know if I'll be able to write a novel - but - Crudd - I'll sure try. I don't know you very well and I hadn't seen you around a hell of a lot, but I think you're a pretty cute and sweet kid and I'll miss it.
Dave fun next year - I know it will be hard without me - but you'll just have to live with it. Don't get too depressed about it because I'm really much better off. Besides I won't be gone forever. Bad - I'll bet you really give a fat one. Well, I guess that's about all. I'll end my story - I want you to know they all lived happily ever after. The damsel rode off into the sunset with the hero on his white stallion - So they all and the same will be for
